## Portrait Price Sheet 2008

### BASIC

\$185.00

- Includes all shooting fees: 1 to 1½ hours of on-site shooting at one location.
- 40-50 (minimum) edited color and black & white photos
- CD of high-resolution jpeg images with full usage access. Print what you need! You pick your own printer, number of prints, saving money and resources. How many unused photos from packages do you already have laying around?
- Digital slideshow of all images included on CD.
- Full color contact sheet with file name.
- Full-usage jpegs may be used on invitations, cards, in any software.
- Family members and friends can order the prints they want when uploaded to a photo service website (snapfish, yorkphoto, etc.)
- Technical support- help with any questions or problems you have printing or using jpegs.
